Papers in National Journals

**Papers in International Journals**

18-G. Raziei,M. Reza Masjedi, F. Fotouhi, I. Neshandar Asli,

21-IN asli, MJ Ehsani, H Javadi, S Semnani, SM Tabib. Comparison of three with sixth regions of interest analysis in patients with idiopathic constipation undertaking colon transit scintigraphy using 67Ga-citrate. European review for medical and pharmacological scinces 01/2013; 17 (1) 69-74, 1.04 impact factor

24-IN Asli, R Shahoseini, Z Azizmohammad, H Javadi and Ma Assadi. The utility and prognostic value of dipyridamole technetium-99m sestamibi myocardial perfusion imaging SPECT in predicting perioperative cardiac events following non-cardiac surgery. Perfusion 0(0) 1–7 © The Author(s) 2013 Reprints and permissions: sagepub.co.uk/journalsPermissions.nav DOI: 10.1177/0267659113481398

27-Prognostic value of baseline serum thyroglobulin versus baseline antilythoglobulin antibody (TgAb) level in patients with differentiated thyroid cancer (Tabeie F, Najghshine, Iraj Nabipour, Majid Assadi, Ira Neshandar Asli). 04/2012; 0(0) 135 3:135

29-The role of cognitive group therapy and happiness training on cerebral blood flow using 99mTc-ECD brain perfusion SPECT: A quasi-experimental study of depressed patients

M. Azizi, A. Bahrierian, A. Baghdasarians, S. Emamipur, Z. Azizmohammadi, M. Qutbi, H. Javadi, M. Assadi, I. N. Asli

30- The merit of absorbed dose to the blood in iodine-131 therapy for differentiated thyroid carcinoma: One size does not fit all. Majid Assadi, Leila Fathollahi, Faraji Tabei, Hamid Javadi, Ira Neshandar Asli

Journal of Nuclear Medicine (Impact Factor: 5.77). 05/2014;

Presentation in National congresses

8. Neshandar Asli I. Nuclear medicine and osteomascular inflammations. 5th training course on orthopedics. Tehran, Iran, 2003
9. Neshandar Asli I. Thyroid cancers. Symposium on thyroid nodes and cancers. Tehran, Iran, 2001
11. Neshandar Asli I. Cardiology. 7th annual meeting of nuclear medicine. Tehran, Iran, 2002

**Presentations in International Conferences**

scintigraphy outcome. Cape Town South Africapan Journal of Nuclear Medicine, Vol.9 supplement 1, September 2010

14.

**Translated Books**

**Research Proposals**

1- Neshandar Asli I, Fotohi F. Thyroid uptakes in selected normal Tehran individuals. Shaheed Beheshti Medical University, Tehran, Iran, 1996-1997

5- Tabei F, Neshandarasli I. Investigation of dose rates of thyroid cancer patients treated with iodine-131. 2010 Tehran-Iran

**Post-Graduate dissertations**

1- Neshandar Asli I. The comparison of 201Tallium scan and coronary artery angiography in 34 coronary artery patients. M.D. thesis. Tehran, Iran, 1993

11- The value of cardiac perfusion scan in prediction of wall motion abnormalities in patients with acute myocardium infraction after administration of streptokinase. M.D. thesis. Tehran, Iran, 2005
